Who We Are

HEALTH FOR ALL, founded in 2013, is a Slovak pharmaceutical wholesale company specializing in the import and export of human medicines and pharmaceuticals. We are dedicated to sourcing, storing, and distributing pharmaceutical products from all regions across the globe.

Our role is to establish connections throughout the entire medicines distribution chain, linking pharmaceutical manufacturers, pharmacies, and ultimately, the end consumers.

Since 2013, our primary focus has been on wholesale distribution of human medicines and pharmaceuticals. We specialize in delivering comprehensive solutions within the healthcare sector, with a particular emphasis on the Slovak and EU markets. Our expertise encompasses various areas, including warehousing, certification, product distribution, and risk management.

Founded with a vision of excellence, we have successfully established our own manufacturing facility and a wholesale distribution network. Our dedicated team of five professionals ensures the highest standards are met.

Not limited to human health, we extend our expertise to the realm of veterinary medicine, producing and distributing top-quality veterinary medications. As we continue to grow and innovate, our commitment to delivering exceptional healthcare solutions is our top priority.

We distribute in 8 key countries:

- Slovakia
- Czechia
- Poland
- Romania
- Bulgaria
- India
- UAE
- South Korea

HEALTH FOR ALL IS

**ALWAYS IN THE R
PLACE AT THE RI

We focus on results - we continually evaluate our quality.

We consistently assess the quality of our services and drive progress through innovative approaches in the healthcare and technology domains.

Technology and innovations have significantly transformed the healthcare distribution landscape over the past years, streamlining processes and enhancing efficiency.

Therefore, we strive to keep pace with the latest technological advancements and innovative possibilities in the field of pharmaceutical manufacturing and distribution. This enables us to timely implement them into our processes, delivering the most efficient outcomes to our clients and partners.

Our Core Values

- 1. Integrity:** We prioritize ethical decision-making, driven by our unwavering commitment to fulfilling the requirements of our clients.
- 2. Reliability:** We value our clients' trust, ensuring safe and professional handling of shipments that precisely meet their needs.
- 3. Responsibility:** Individually accountable for our decisions, we foster trust with clients and partners, working collaboratively to achieve optimal outcomes.

Our Services

Through our unparalleled infrastructure and extensive global network, we provide a diverse array of distribution services.

01. Wholesale distribution

Utilizing a trusted global network of suppliers, we distribute an extensive range of pharmaceutical products. Our reach extends to health centers, hospitals, laboratories, and pharmacies worldwide, ensuring a seamless supply of medicines and medical supplies.

02. Storage of medicines

We provide warehousing services and all-encompassing logistics solutions to support the operation and sale of pharmaceutical products. Our offerings include renting warehouse space to wholesale drug distributors and pharmacies.

03. Transport

We provide high-quality transport for pharmaceutical products, along with specialized packaging tailored to distribution models and unique product needs. Our paramount focus is on swift delivery to clients, ensuring urgent availability of medicines to patients in need.

05. Marketing support

We provide marketing support for pharmaceutical products according to the requirements of the client.

06. Access to medicines

With over 40,000 references to international medicines, our database serves as a valuable resource. Through our extensive network of suppliers worldwide, we enable healthcare facilities to access elusive medications or those unavailable in their country, bridging critical gaps in pharmaceutical availability.

07. Documentation

Our comprehensive services encompass documentation support, including registration and supplier purchases, alongside buyer qualification verification. Our unwavering commitment to Good Distribution Practice ensures strict adherence to all standards and regulations, guaranteeing utmost quality and safety throughout the supply chain.

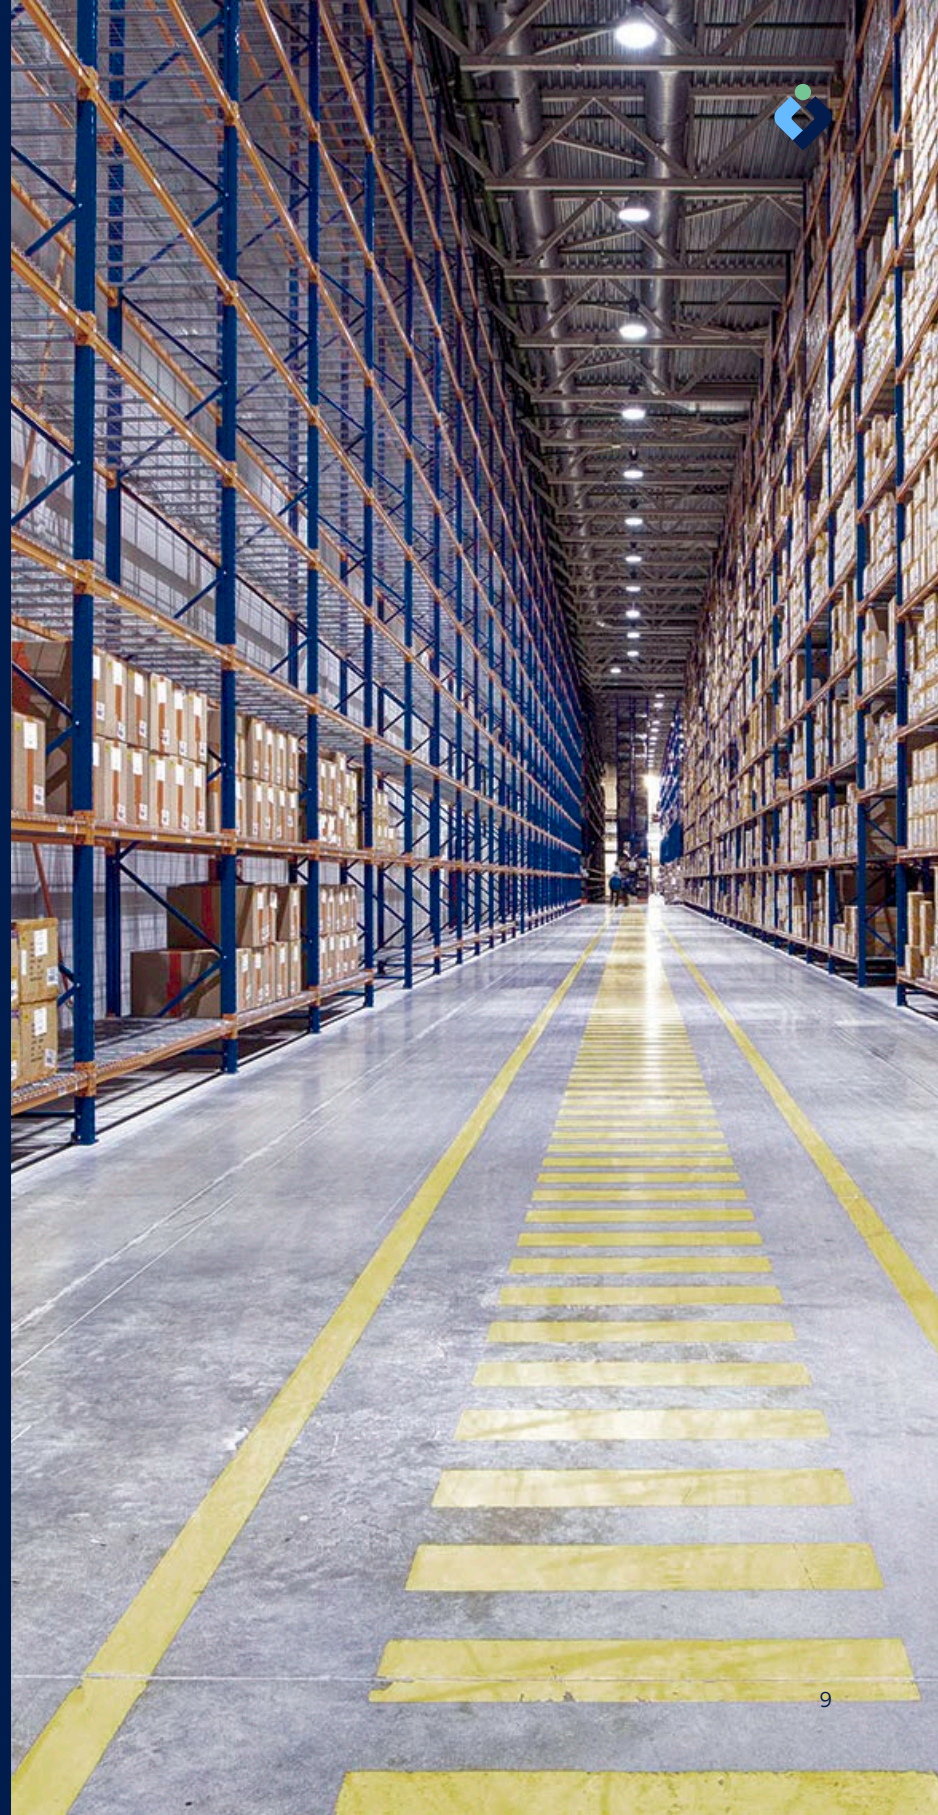

04. Pick & Pack

An integral aspect of our warehousing and logistics capabilities revolves around the specialized Pick & Pack service, dedicated to pharmaceuticals and medical materials. Our streamlined approach ensures that processed packages maintain a weight limit of 30 kg, allowing for efficient handling and seamless distribution.

08. Disposal of medical waste

In alignment with Good Distribution Practice, we coordinate the disposal of medicines and medical supplies through a certified company, ensuring proper and responsible handling.

Our Portfolio

Within our portfolio, we boast an extensive array of products encompassing the domains of healthcare, pharmaceuticals, and medical technology.

01. Pharmaceuticals

Our diverse range of medications caters to various medical needs, ensuring that healthcare providers have access to essential drugs and treatments.

02. Clinical Research Apparatus

We are empowering medical researchers with state-of-the-art tools to help them discover new possibilities in the medical field.

03. Medical Devices

From advanced diagnostic equipment to life-saving devices, our selection caters to diverse medical requirements. We are committed to delivering top-quality medical devices that enhance patient care and improve healthcare outcomes.

05. Parapharmaceuticals

We offer a wide array of premium Parapharmaceuticals in our portfolio. These products, ranging from dietary supplements to skincare essentials, cater to the well-being and self-care needs of individuals.

06. Niche Products

Niche pharmaceutical products refer to specialized medications that cater to a specific subset of patients or address unique medical conditions. Our portfolio includes niche products that meet highest standards of quality and innovation

07. Nutritional Supplements

Our selection of Nutritional Supplements is curated to provide essential nutrients and support overall well-being.

04. Medical Cosmetics

We offer a wide range of Medical Cosmetics. Our selection goes beyond conventional beauty products, as we strive to provide our clients with products based on the latest formulas infused with advanced medical expertise.

08. Veterinary Products

Not only do we specialize in the distribution of human health products, but we are also proud specialists in providing a diverse range of high-quality veterinary products. Our commitment ensures the best possible care for our beloved animal companions.

05. Hospital Products

Our selection of Hospital Products meets the highest industry standards. We provide healthcare facilities with the tools they need to deliver top-notch care.

Our Featured Product: Serrapeptase For Horses

100% natural nutritional veterinary supplement for horses

ENABLES PERFORMANCE INCREASING WITHOUT SIDE EFFECTS

Serrapeptase helps to remove blood clots and residues from blood, and therein proven to dilute the blood while preserve its normal functionality. This allows faster transfer of oxygen and nutrients in to the muscles. Therefore it is very suitable for performance increasing support of sport horses with high long-term endurance.

SUPPORTS BODY INHERENT HEALING OF INFLAMMATORY PROCESSES

It solely dissolves dead and damaged tissue, which speeds up a new healthy tissue creating. It dissolves blood clots and reduces the risk of new blood clots. It helps to dilute an accumulated fluid in inflamed tissue, which speeds up the swelling removal process. It effectively inhibit the feeling of pain without causing attenuation. It supports the removal of metabolites of microorganisms released by inflammatory processes, toxins and heavy metals from the body.

RESPECTS SPECIFIC HORSE NUTRITION REQUIREMENTS

The product is manufactured in Slovakia and its unique composition is designed to be tasty for horses. The active substance - the enzyme Serrapeptase is contained in a special sort of Green Barley, which is grown in the Low Tatras region exclusively in a natural way without any use of pesticides and fertilizers. Therefore, the use of the product by horses has proven to have no unpleasant gastrointestinal side effects.

Proven efficiency over 40 years in practice:

- Dissolves blood clots and reduces the risk of blood clots-thrombi, helps in regulating factors affecting blood clot formation,
- helps to dilute the accumulated fluid in an inflamed tissue and thus helps to remove swelling, which helps to regulate extra and intra cellular fluid,
- enhances the regenerative capacity of tissues affected by an inflammatory process, ultimately reducing recovery time,
- very effectively and systematically relieves pain,
- it has no unpleasant side effects on a gastrointestinal tract, metabolic and hormonal homeostasis,
- has a cleaning effect - helps to remove heavy metals, toxins, and metabolites of microorganisms released from the breakdown of cellular elements.

State Institute for Drug Control

Certificate No: SK/001D/2017

CERTIFICATE OF GDP COMPLIANCE OF A WHOLESALE DISTRIBUTOR

Issued following an inspection in accordance with Art. 111 of Directive 2001/83/EC

The competent authority of Slovakia confirms the following:

The wholesale distributor: HEALTH FOR ALL, spol. s r. o.

Site address: Stará Vajnorská cesta 17, Bratislava, 83104, Slovakia

Has been inspected under the national inspection programme in connection with authorisation number FV-606/16-2 in accordance with Art. 77 (1) of Directive 2001/83/EC

From the knowledge gained during inspection of this wholesale distributor, the latest of which was conducted on 2017-02-03, it is considered that it complies with the Good Distribution Practice requirements laid down in Article 84 of Directive 2001/83/EC.

This certificate reflects the status of the premises at the time of the inspection noted above and should not be relied upon to reflect the compliance status if more than five years have elapsed since the date of that inspection. However this period of validity may be reduced using regulatory risk management principles, by an entry in the Restrictions or Clarifying Remarks field.

This certificate is valid only when presented with all pages.

The authenticity of this certificate may be verified in the Union database. If it does not appear please contact the issuing authority.

**OUR MISSION IS
TO CREATE SEAMLESS
CONNECTIONS
THROUGHOUT THE
ENTIRE MEDICINES
DISTRIBUTION.**

We provide assistance with drug registration in the EU and market establishment.

Through the creation of partnerships and collaborative efforts within the international healthcare market, we aim to bring benefits to all.

The drug registration process in the European Union (EU) is a complex and rigorous procedure that ensures the safety, efficacy, and quality of medicinal products before they are made available to patients.

The process is overseen by the European Medicines Agency (EMA) and national regulatory authorities of the EU member states.

Leveraging our extensive network of contacts and expertise, we provide invaluable support to our partners in the essential processes required for expansion, including covering key steps involved in the drug registration process in the EU.
